

Vaccine Clinical Trial Management

Being able to provide the world with a COVID-19 vaccine as quickly as possible while reducing trial timelines to reach this goal is critical. Using a fragmented approach to manage your trials can impact time, quality and safety.

Brooks is here to help with global operations optimized to support vaccine development. Our sample storage and management solutions ensure the safety, integrity and regulatory compliance essential for FDA review.

GLOBAL SOLUTIONS

- ✔ VAWD accreditation
- ✔ Customized collection kits and tri-labeled tubes
- ✔ PBMC isolation and sample prep
- ✔ Sample retrievals within 24 hours
- ✔ Proactive Project Management and data reconciliation
- ✔ Full visibility to sample data
- ✔ Genomics and laboratory services for downstream analysis
- ✔ Global shipping and logistics
- ✔ FDA 21 CFR Part II Compliant Audit trail tracking

BROOKS LIFE SCIENCES CASE STUDY

Current Vaccine Development Customer

CHALLENGE

Sample Turn Around Time Delays

SUMMARY

By helping our customer manage their samples in an efficient manner, they were able to meet all expected timelines to bring their vaccine to market quickly and efficiently.

BROOKS SOLUTION

By managing the samples with our collection kits, shipping and logistics and fast sample retrieval times we were able to close the gap in the extensive delays the customer was experiencing.
